

GVA'03

AUTOMATIC, SWISS MADE

The Yeslam GVA'03 model remains true to the essence of GVA's collection: a strong and elegant look and feel with a touche of vibrant colors. The GVA'03 comes in six different versions with coloured hands in accordance with the different strap colours including red, amber, orange, light blue, purple and black. The dial chevrons decoration is inspired by the «Côtes de Genève» form «GVA'738.» The chevrons produce an exceptional game of light on the dial , sometimes sober, sometimes brilliant, the glow follows the movements of the wrist. As for GVA'02 model we recover the titanium case, the skeleton hands, the vertical dial decoration and the vintage nubuck strap. The titanium case features an Eta 2892 movement.
