THE NEW COLLECTION

MOON CÉLESTE

True to the motto of Yeslam «Time for Passion», the Moon Céleste Ultra limited edition is not any timepiece; it is a model for the timeless silhouette.

With a diameter of 42 mm, its beautiful round case in polished steel is a concentrate of watchmaking expertise. Powered by a automatic mechanical movement, it is not lacking in advantages: an amazing blue goldstone dial, with its elegant index sticks to a resolutely timeless look. A moon phase display at four with a stylized opening crescent moon, bring a subtle touch of originality. Finally, a scratch-resistant sapphire crystal on both sides protects this shows the ravages of time. With an attention to quality details and finishes, the Moon Céleste plays on the codes of luxury and watchmaking expertise while remaining affordable. With its cowhide or alligator strap and polished steel triple folding clasp.
